

Nomination: #1

Reason for Nomination: I am nominating my home for the Pride Enhancement Program because it is an oasis in the middle of the desert. It is an oasis for insects, lizards, birds and on one occasion a toad. I call my style chaos gardening because I have no plan but to make my garden a haven for our family and the wildlife that thrives and depends on it.

AFTER

Nomination: #2

Reason for Nomination: An incredible transformation from outdated stucco and a dirt lot to beautiful drought resistant landscaping. My wife and I worked incredibly hard on this makeover, doing 90% of the work by hand. We hope you like it as much as we do!

| Nomination: | #3 |
| Reason for Nomination: | Since moving in on May of 2021, my husband has made many improvements, Rock scaping, Driveway additions, & resurfacing. Manicured drought tolerant trees, & plants, lighting. Every weekend he maintains the property by sweeping, racking up leaves & trash blown in, Our house is a corner house, so we get lots of dirt & trash, blown in. He goes above and beyond cleaning up even our neighbors side. I am very proud that he never wavers, on maintainging a pristine appearance. |

Galaxy S24 Ultra

Nomination:

#5

Reason for Nomination:

Remodeled in 2025 the property exterior received a Complete overhaul. New cement steps and driveway in matching black color with a stamped pattern. The front yard is now divided in two by the cement steps and each partition has its own decorative theme. One is a palm tree surrounded by artificial turf and the other is a 2 colored rockscape feature with drought tolerant plants. The home is also painted in a blue gray color that sets it apart from the other homes on the street.

Nomination:

#6

Reason for Nomination:

I take personal pride in keeping the exterior and interior of my home in a presentable and honorable manner. When I drive home each day, I want to be greeted by beauty and cleanliness. I want the same for each person who passes by, whether by car on or on foot. The outside of my home is repainted every 3 years and the landscaping is consistently kept clean and beautified.

| Nomination: | #8 |
| Reason for Nomination: | My husband has put in 17 years of hard-earned money and work into this home, putting in cement for the walkway and driveways, mulch and rocks, plants and trees, sprinklers and drip systems, the numerous amount of water hoses we have went through the cracking in the Sun out here, and the water bill. But he prides himself on how beautiful it looks. Our house is the nicest on the block and we are helping to provide more oxygen and clean the air into our community... |

AFTER

Nomination: #9

**Reason for
Nomination:**

I nominate our home. It's my husband's childhood home, and after it was badly damaged by tenants in 2020, he bought it from my mother-in-law and completely renovated it. So much blood, sweat, tears, and hard work have gone into making this house our home, a safe and beautiful place our kids can call home. It received a brand-new roof, landscaping rock, fresh paint, brick walls, a new gate and panels, and over 500 square feet of concrete in the front yard. I know how special it would be for my husband to have it recognized by the city he grew up in.
